# MANAGEMENT

## EXECUTIVE:

C.E.O (Saifullah) of SAIFI ENGINEERING SERVICES established this company in 1998, before establishing a company, worked in many projects with several companies which are listed below:

### PROJECT

National Refinery Karachi

Bela Chemicals Balochistan

Port Qasim Thermal Power Plant

Dhurnal Gas Field

Sinjar Cement Factory, Iraq

Dry Dog , Dubai

Jinnah Terminal HVAC Plant

PPL , Sui, Balochistan

### COMPANIES

Descon

ECL

Marubeni & AEC

Descon & Oxidental

Sinjar Cement Factory

Meecon & Sojia

ECL & Foster wheeler

## MANAGER OPERATION:

Samiullah is working with us as manager operation from 2014. He has done associate engineering in mechanical along with many trainings related to engineering design and development he have 8 years experience in cement, power generation, textile and steel industries.

## MANAGER PROJECTS:

Matiullah holds a B.Sc engineering in mechanical technology from Indus university Karachi he had spend 6 years in piping of industrial plants / project including oil & gas, cement, power generation, polymer, HVAC systems, Textile & bopet films his work experience cover full spectrum of project environment ranging from project to continuous flow.

## SPECIALITY

### PRIMARY

1. All types of piping  
(X-ray & Non X-ray).
2. Steel Structure and Plate  
Fabrication and Erection.
3. Equipment Erection,  
dismantling & maintenance.

### SECONDARY

1. Ducting.
2. Insulation.
3. Sand Blasting.
4. Paint & coat raping

# OUR PROJECTS

## BHIT GAS FIELD

- Plant construction.
- 30 Thousand Dia inch Piping Fabrication, Erection & Hydro testing with pipe supports in ammonia gas area.
- Plant in running condition.
- 13 nos wells steel structure and pipe rakes.
- 12 Hundred tons fabrication and erection.
- Fulfilled the high level of standard, quality and safety requirements.
- Carbon Steel & Stainless Steel pipes are used in this project.
- In this project our main client is SIEMENS PVT LTD and secondary clients are ENI and LASMO.

## SAWAN GAS FIELD

- 12.5 thousand dia inch Pipe Fabrication with pipe supports in sawan gas field.
- Carbon Steel and Duplex pipes are used in this project.
- Heavy thickness X-ray job.
- In this project our main client is SIEMENS PVT LTD and secondary clients is ABB.
- Fulfilled the high level of standard, quality, health and safety requirements.

## KAUSER GAS FIELD (MATIARI)

- 10 thousand dia inch pipe fabrication and steel structure fabrication in gas treatment plant.
- SIEMENS PVT LTD and OPI are our clients in this project.
- Completely X-ray job.
- Mild Steel is used in piping and steel structure fabrication.

## PIRKOH GAS FIELD

- 18 thousand dia inch piping with pipe supports.
- Carbon Steel and Stainless steel, large and small bore piping.
- IMS ENGINEERING PVT LTD and OGDCL Pakistan are our clients in this project.
- Completely X-ray job.
- High level of standard, quality, and safety requirements.

## OUR PROJECTS

### DHA POWER & DESALINATION PLANT

- Carbon Steel and Stainless steel pipe fabrication and erection, and Stainless steel horizontal vessel welding.
- Up to 6 fit diameter pipes are fabricate.
- 12 thousand dia inch pipes are fabricate.
- In this project our main client is SIEMENS PVT LTD and secondary client is COJAN INTERNATIONAL.

### JOINT VENTURE IN U.A.E

- Joint Venture with AL ETIMAD STEEL FABRICATION LLC & SAIFI ENGINEERING SERVICES from 2014.
- 2 thousand tons vessel fabrication, piping and erection in Dubai Jabal Ali.
- 28 thousand dia inch, Ships and Oil Field Piping and Structure fabrication.
- Our clients in these projects are OSE & SPT.
- These are highly standardized projects, completed in this joint Venture

### HUBCO POWER HOUSE

- Carbon Steel heavy ducting from boiler to main ventilation.
- 150 ton ducting is fabricated.
- First client DESCON and second is HUBCO Power House.

## DEWAN MOTORS (PAINT SHOP)

- Mild steel and Stainless steel piping with supports.
- Mild Steel structure fabrication and erection.
- MS trolley equipment erection and GI panel work.
- 200 ton steel structure and 5000 meter piping.
- Our first client is IMS and second is DEWAN FAROOQUE MOTORS LTD.

## GATRON INDUSTRIES LTD

- Chiller, Compressor and steam lines Carbon Steel piping.
- 4 thousand running meter work is done.
- Both X-ray and non X-ray job.
- Main contract with GATRON INDUSTRIES LTD

## PAK LAND CEMENT FACTORY

- 350 ton steel structure, ducting and equipment erection.
- Fabrication & erection of conveyor belt, truss, Tower and ducting.
- Direct contract with PAK LAND CEMENT FACTORY.

## YUNUS TEXTILE LTD

- Carbon steel and mild steel piping of Gas boiler, chiller and water lines large bore and small bore fabrication and erection.
- 6 thousand running meter is fabricate.
- Fulfill the high level of standard, quality and safety requirements.
- Main contract with YUNUS TEXTILE LTD.

## NOVATEX BOPET

- Line 2 Raw Water Piping
- Direct contract with Novatex Bopet

## RANGOONWALA GROUP

- O & M Project
- Direct contract with Rangoonwala Group

## GATRON INDUSTRIES

- Absorption Chillers and steam lines.
- Direct contract with GIL.

## AGHA KHAN HOSPITAL KHI

- Chiller piping..
- First client National Engineering Services and second is Agha Khan Hospital

## SOORTY TEXTILE

- Chiller piping..
- First client is Engineering Services and second client is Soorty Textile.

## SECURE PRINT

- Chiller piping..

# OUR VALUABLE CLIENTS

## CLIENTS ARE LISTED ACCORDING TO PROJECTS

S.No.	PROJECTS	CLIENTS
1.	BHIT Gas Field	ENI, SIEMENS & LASMO
2.	SAWAN Gas Field	SIEMENS, ABB & OMV
3.	KAUSER Gas Field (Matiari)	OPI & SIEMENS
4.	PIR KOH Gas Field	IMS & OGDCL
5.	DHA Power & Desalination Plant	SIEMENS & COJAN INTERNATIONAL
6.	DEWAN Motors	IMS & DEWAN MOTORS
7.	GATRON (Hub choky)	GATRON
8.	PAK LAND CEMENT	PAK LAND CEMENT
9.	CS and MS Piping	YUNUS TEXTILE MILL
10.	HUBCO Power House	DESCON & HUBCO POWER
